

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

COUNCIL MEMORIAL NO. 3.

*To the Honorable the Senate and House of Representatives
of the United States:*

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, most respectfully represent that the eastern portion of this Territory is being rapidly settled up through facilities afforded by the advent and progress of the Utah and Northern railroad; and that this portion of our Territory comprises eastern Owyhee, Oneida, Lemhi and Bear Lake counties, many of whose citizens must, in order to transact business with the land office of this Territory, travel from five to seven hundred miles to reach the land office in Boise City, and as a consequence the lands remain unsold, our citizens are unable to obtain titles to their homestead and pre-emption claims, and the land office has no revenue from that source.

We, therefore, your memorialists, most earnestly pray that a local land office be established at the town of Blackfoot, Oneida county, situated in a central portion of the district herein named, and contiguous to the Utah and Northern railroad,

And your memorialists will ever pray.

COUNCIL JOINT RESOLUTION NO. 4.

Resolved by the Council of the Territory of Idaho, the House of Representatives concurring: That Hon. E. J. Curtis, of Boise City, be, and he is hereby, invited and requested by the Representatives at the Tenth Session of the Legislative Assembly, on behalf of the people of Idaho Territory, to prepare a reliable history and correct statistical record, showing in an authentic form the nature and extent of the agricultural resources and productions of this Territory; the lands and their adaptability to settlement and cultivation; its climate; its means and facilities for commerce and communication; the character, the variety and extent of its mineral deposits and precious metals, with a correct description of all recent discoveries of gold, silver, lead and copper mines, and mines of other valuable mineral; its timber, mountains and streams; its advantages for railroad enterprise and communication; the product of the mining districts, in gold and silver; its imports and exports, and its superior advantages for the establishment of manufactories; the extent and cost of transportation to and from the various commercial points in the Territory, and the nearest and most practicable points and routes to railroad communication; its population and the varied industries carried on in the Territory; the inducements which the Territory offers to labor and capital, together with a reference to its financial resources, and the laws in relation to property, and report the same in a suitable form for publication to the next session of the Legislative Assembly of Idaho, which honorable body is hereby invited to examine and receive the same, and publish such information if it shall prove acceptable, and to render and allow such compensation to the compiler thereof as may seem just and adequate for said services.

Resolved, That the secretary of Idaho, be, and he is hereby, required to make a duly certified copy of these resolutions and transmit the same to E. J. Curtis.

JOINT RESOLUTION.

WHEREAS, By virtue of Acts and Resolutions of the Congress of the United States, the Territory of Idaho becomes entitled to receive from the War Department, two thousand

arms, necessary to the protection of said Territory from attacks and depredations of hostile Indians, upon condition that said Territory, by the governor thereof, would give sufficient and lawful bond for the return of said arms, upon demand of the secretary of war, of which arms sixteen hundred and fifty have been received and bond given therefor, leaving three hundred and fifty yet to be received when needed, and like bond given; and,

WHEREAS, No law yet existing authorizing the giving of said bond or bonds; now, therefore,

Resolved, By the Legislative Assembly of the Territory of Idaho, that the bond already given in the emergency then existing, and all bonds necessary to be hereafter given for arms yet to be drawn, be fully legalized, made good and binding upon said Territory according to their terms.

APPROVED February 21, 1879:

JOINT RESOLUTION

Concerning the late Honorable Jesse McCaleb.

WHEREAS: We submit with feelings of profound sympathy and regret to the fatal dispensation of providence, that has summarily taken from his family and friends, a worthy and honored member of the ninth session of the territorial legislature by the hand of the ruthless and vindictive savage; and whilst we deprecate the inefficient measures taken by the general government to protect its frontier settlers, we deplore the loss of so true and good a man as the late Honorable Jesse McCaleb, a member of the ninth legislative assembly, who fell bravely at his post defending his family and friends on Lost river, Lemhi county, on the 11th day of August, 1878. Therefore; be it

Resolved, By the legislative assembly of the Territory of Idaho, that we acknowledge our appreciation of the sterling qualities of our late legislative colleague; his unassuming and gentlemanly deportment, his strict and faithful integrity in the discharge of his official duties, his unswerving fidelity to constitutional rights, and his nobility of soul, as manifested in all the walks of social and political life. It is therefore

Ordered, That this expression of our respect for the deceased, and sympathy for his bereaved family and the community of which he was an active and efficient member, be en-

rolled and transmitted to the family of the deceased, with the condolence of this legislative assembly; and that this preamble and resolution be spread on the minutes, and be recorded in the journals of the tenth legislative assembly.

HOUSE MEMORIAL NO. 1.

To the Honorable the Secretary of War of the United States :

Your memorialists, the Legislative Assembly of the Territory of Idaho, would respectfully recommend the establishing of a military post at some suitable point on the western edge of Big Camas prairie, or on what is known as Little Camas prairie, in the county of Alturas, Idaho Territory. And your memorialists would represent, that the locality mentioned is yearly frequented by Bannocks and Shoshone Indians, who assemble here in large numbers to gather camas and other roots; that the last outbreak of these hostile tribes occurred here, and that this section is traversed by many Indian trails, and public highways leading to and from the Alturas mines. This post would be on a direct line between Fort Boise and Fort Hall, and could be maintained at a small cost, owing to the cheapness of hay, grain, and other supplies; all of which can be procured in the neighborhood. We would further represent that many thousand acres of fine agricultural lands are now lying idle for the want of protection to the settlers, and that the establishing of a military post in that locality would inaugurate a large and steady immigration to the Camas prairie country. We earnestly recommend that you give this matter your early and serious attention, as the lives and property of hundreds of settlers, miners, traders, herders and teamsters are endangered, and all industries and business must suffer as long as the people in this rich and extensive section of our Territory are left unprotected from the roving bands of Indians who are wont to look upon it as their exclusive property.

And your memorialists, as in duty bound, will every pray.

The Hon. Secretary of the Territory is hereby directed to forward a copy of this memorial to the Hon. Sec'y of War, and one to our Delegate in Congress.

APPROVED February 12, 1879.

COUNCIL MEMORIAL NO. 2.

*To the Honorable the Senate and House of Representatives
of the United States:*

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, beg leave to represent, that the present compensation for our services as legislators, as the statute is at present construed by the first controller of the treasury, as well as the future compensation of legislators and subordinate officers, as the law provides, is totally inadequate to meet the actual and necessary expenses attending a residence at the capital, with the large, but unavoidable amounts paid for traveling expenses. We do not want or expect to make money out of the federal government for our services as members and attaches of the Legislature, but we do feel as if we had a right to expect that such an allowance should be awarded to ourselves and our successors as would pay our necessary expenses whilst engaged in legislation, besides leaving us the profits of the commonest laborers of the country. Ordinary labor commands four or five dollars per day, while skilled labor commands far more than that. We do not wish to be regarded by your honorable body as finding fault with federal legislation in this regard, but do believe, if Congress knew the high prices of living, as well as the proportionate cost of everything else in this Territory, they would allow a greater sum for our services, than four dollars per day. Considering the uniform kindness and liberality of the federal government to the people of the territories, and the reciprocal benefits arising from the relations of each to each, we have the fullest confidence that your honorable body will entertain this, our application for relief and grant us additional pay, in accordance with your judgment of our necessities. And your memorialists do most earnestly protest against the reduction in the number of subordinate officers of our respective Houses, as established by the Act approved April 19th, A. D. 1878, for the reason that it is physically impossible for the sergeant-at-arms to act in his own proper capacity and as door-keeper at

the same time ; for the chief clerk to transact all the business devolving upon him ; and for the enrolling and engrossing clerk to perform the duties of two clerks at once. If the Government of the United States does not desire to maintain the expenses attending the increase of officers referred to, we suggest that Congress repeal Section 1855 of the Revised Statutes, so that the territories may provide for themselves the means for the proper and legitimate transaction of business.

And your memorialists will ever pray.

COUNCIL MEMORIAL NO. 1.

To the Honorable Secretary of War:

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, respectfully but earnestly recommend the establishing of a military post in Lemhi valley, Lemhi county, Idaho Territory, and that a sufficient amount of money be appropriated and set apart for said purpose.

Your petitioners in presenting this memorial, beg leave to call your attention to the exposed and isolated condition of the settlements in Lemhi valley and the Salmon river country. The Lemhi Indian reservation, reserved for the use and occupancy of the mixed bands of Bannocks, Shoshones and Sheep-Eaters, is about two hundred miles from Fort Hall, the nearest military post. The settlements in Lemhi and Salmon river valleys are surrounded on all sides by high and rugged mountains, with Indian trails leading into said valleys from all directions. Raiding bands of Indians must pass through or in the immediate vicinity of these valleys, in passing from east to west, or from west to east.

As evidence of these facts, we respectfully state that these valleys have for the last two years experienced frequent raids from hostile bands of savages, and have suffered great loss of life and property, in both the Nez Perce and Bannock wars. Had there been a military post in Lemhi valley the hostile Indians engaged in the Nez Perce and Bannock wars could easily have been intercepted and captured. A military post in Lemhi valley would not only give protection to the people who have suffered so much already, in loss of life and property, but would be the means of keeping in awe the Indians of the Lemhi agency, who have shown great signs of discontent, and only through the combined efforts of their chief,

Ten Doy, and influential citizens of Lemhi county, have been kept from joining the hostile Indians in the Nez Percé and Bannock wars.

This post would have the best geographical position possible to intercept raiding bands of Indians, passing through the country from west to east, and could receive its supplies from the Utah & Northern Railroad, over a good wagon road.

And your memorialists will ever pray.

HOUSE MEMORIAL NO. 2.

To the Honorable Postmaster General of the United States:

Your memorialists, the Legislative Assembly of the Territory of Idaho, would respectfully but earnestly recommend that a mail service of not less than two trips per week each way, from April 1st to December 1st, in each year, be established between Atlanta, in Alturas county, and Jordan Creek, in Lemhi county (both in the Territory of Idaho); and your memorialists would further represent that Jordan Creek postoffice is situated in the famous and fast growing mining district of Yankee Fork; that it is the only postoffice in said district, and that the population in its immediate vicinity is certain to exceed one thousand persons from and after the coming summer; that letters and mail matter destined to the capital of the Territory have to travel through Salmon City, and Ogden and other places in Utah Territory, making a distance of about 950 miles, and consuming a time of not less than nine days; that by the new route as recommended by us the time would be reduced to five days, and the distance to be traveled to 190 miles. Your memorialists would further represent that a daily mail service is already in operation between Atlanta, in Alturas county, and the Territorial capital, and that there is a good and passable trail from Atlanta to the said Jordan Creek postoffice, and that the distance between these two points is about 70 miles.

This service being very much needed, and one that would prove a great blessing to the people of one of the richest, though at present very isolated portion of our Territory, we ask of you that you give this matter your earnest attention.

And your memorialists will ever pray.

The Hon. Secretary is hereby requested to send a copy of

this memorial to the Hon. Postmaster-General, and one to our Delegate in Congress.

APPROVED, February 14, 1879.

COUNCIL MEMORIAL NO. 4.

*To the Honorable the Senate and House of Representatives
of the United States:*

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, would respectfully show that the military road recommended by Lieut. G. S. Wilson, U. S. A., in his report to the Secretary of War, viz.: from Fort Hall via Challis, Yankee Fork, Cape Horn, Bear valley, Long valley and Little Salmon valley, to Fort Lapwai, with a branch from Little Salmon via Indian valley, to Fort Boise, would be of great benefit to the people of this Territory in many ways.

It would open direct communication with the most extreme portions of our Territory, thereby saving the necessity of traveling around and through other states and territories in going to and from our Territorial capital; saving to our government many thousands of dollars in mileage paid to the members of our legislative bodies, and to our officers in conducting prisoners to our territorial prisons. Your memorialists would further respectfully represent, that along the proposed route are some of the finest agricultural lands of the Territory, which would soon be occupied by thrifty farmers, thereby bringing in a yearly revenue equal to the cost of building the road. Your memorialists would further state, that in their opinion, this road is a military necessity. It would bring the U. S. military posts in direct communication with each other by the shortest routes, making a saving of thousands of dollars annually in the transportation of troops and stores, and enable the military forces to rapidly concentrate in case of an Indian outbreak; and further, would be a means of preventing such outbreaks.

Therefore, we would most respectfully ask, in view of the facts set forth in this memorial, that you will give this matter your serious consideration and make the necessary appropriation to build the proposed road as recommended by Lieut. Wilson.

And your memorialists will ever pray.

COUNCIL MEMORIAL NO. 6.

*To the Honorable the Senate and House of Representatives
of the United States:*

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, most respectfully represent, that it has been the custom of the general government to grant liberally of the public lands to the territories for the establishment of universities; and that whilst Oregon (when a territory), Utah, Washington, and other territories, have severally received by donation from the general government (2) two townships—41,080 acres—for university purposes, the Territory of Idaho has not been so favored.

We therefore, your memorialists, earnestly pray that two townships of the public domain be donated to this Territory, as university lands; to be selected in legal subdivisions, under the direction of the Territorial Legislature.

And your memorialists will ever pray:

COUNCIL MEMORIAL NO. 7:

*To the Honorable the Senate and House of Representatives
in Congress assembled:*

Your memorialists, the Legislative Assembly of the Territory of Idaho, most respectfully represent that this Territory is one of the main producers of the precious metals, and that silver constitutes the bulk of said precious metals. And your memorialists would most respectfully represent, that the law as it now stands, is working a very great hardship upon the miner and working classes, for the reason that speculators and brokers control the price of bullion, to the great injury of the masses. And we, your memorialists, do entreat and insist that your honorable body give this matter your serious consideration, in order that justice may be done to those who are the bone and sinew of the land; and to that end we, your memorialists, do pray your honorable body to enact some law authorizing the free coinage of silver; and further, that the assayer in charge of the government assay office at Boise City, Idaho, be authorized and instructed to purchase silver bullion in the same manner as now directed by law for the purchase of

gold bullion, and that the amount paid for said gold and silver bullion be the same as paid at the U. S. Mint in San Francisco.

And your memorialists will ever pray.

APPROVED February 13, 1879.

COUNCIL MEMORIAL NO. 8.

To the Hon., Secretary of the Interior of the United States :

Your memorialists, the Council and House of Representatives of the Territory of Idaho, most respectfully represent, that in our opinion the order to remove the Indians from the Lemhi reservation, I. T., to Fort Hall, I. T., should be immediately rescinded or changed in such a way that the Lemhi Indians be moved to a more suitable reservation on or near the Buffalo Range. We respectfully call your attention to the following facts in support of our views, viz.:

Ten Doy, the chief of the Lemhi Indians, has frequently entered his protest against being removed from his present agency to Fort Hall, and has expressed a willingness to be removed to Eastern Montana, or to any suitable place on or near the Buffalo Range. Ten Doy has at all times and under very trying circumstances, been a faithful and true friend to the whites. By forcing him to go to Fort Hall against his will and in opposition to the wishes of the most of his tribe, would in all probability break his friendship with the whites and incur his displeasure to that extent that he would become our enemy, and if forced over to our Indian enemies he would be the most formidable foe that Eastern Idaho could possibly have. Indians can, and frequently do, ride from Fort Hall to Lemhi agency in two days. These Indians should therefore be moved farther from their present haunts, and to a more suitable place than Fort Hall. Eastern and Southern Idaho have suffered so much already from the Fort Hall Indians that we earnestly and respectfully appeal to you, that the Fort Lemhi Indians be moved farther east, and not to Fort Hall agency.

And your memorialists as in duty bound will ever pray.
The Hon. Secretary is hereby directed to forward one copy of this memorial to the Hon. Secretary of the Interior, and one copy to the Hon. S. S. Fenn, our Delegate in Congress.

APPROVED February 13, 1879.

COUNCIL MEMORIAL NO. 9.

*To the Honorable the Senate and House of Representatives
of the United States in Congress assembled :*

Your memorialists, the Legislative Assembly of the Territory of Idaho, would most respectfully state, that during the Nez Perce war of 1877, and Bannock and Shoshone war of 1878, in this Territory, that several companies of volunteers were organized and performed military service under the direct command of the commanding officer of this Department. In support of the above facts, will cite you to the case of Capt. Ed. McConville, during the Nez Perce war of 1877, and to the case of Capt. A. J. Borland, during the Bannock and Shoshone war of 1878.

Capt. McConville raised a company of 18 men in June, 1877; was detailed to escort a government train from Lewiston, Idaho Territory, to Mount Idaho, by Capt. Spurgeon, U. S. A., then in command of the military post at Lewiston. After performing that duty, he reported to Gen. Howard and acted directly under his orders during the Nez Perce campaign in Idaho. [See Gen. Howard's Report of the Nez Perce Campaign.]

Capt. A. J. Borland raised a company of 18 men in Boise City, Idaho Territory, in July, 1878, was assigned to duty on the Weiser river; reported to and received orders from the U. S. military commander at Boise City, and drew rations regularly from the U. S. commissary. He remained on duty until September 13th, 1878. Your memorialists would further state that there are several other like cases in this Territory, and the orders, muster rolls, &c., are on file at the War Dept., in Washington, D. C.

In view of the fact that none of the volunteers who served in the above campaign have received any compensation whatever, we, your memorialists, would ask your honorable body to take such action as would secure to these men their just dues.

And your memorialists will ever pray.

The Secretary of the Territory is requested to forward a copy of the memorial to our Delegate in Congress, Hon. S. S. Fenn.

APPROVED February 13, 1879,

COUNCIL MEMORIAL NO. 5.

To the Honorable Secretary of War:

Your memorialists, the Council of the Legislative Assembly of the Territory of Idaho, would respectfully but earnestly recommend the establishing of a military post at Old Camp Lyon, situate on the boundary line between Idaho and Oregon, in the counties of Owyhee, in Idaho, and Baker, in Oregon, and that a sufficient amount of money be appropriated for that purpose.

Your memorialists would respectfully represent that the establishing of a military post at this point would help guard the whole south-western part of Idaho and south-eastern part of Oregon. That this point is directly in the line of march traversed by the Bannack Indians the past summer on their way to and from Mahogany and Stein's mountains. That we think, had there been a military post at this point, the great amount of depredation committed in Bruneau valley, at Stein's mountain, and in Eastern Oregon, would have been prevented. That a military post could be supported at small expense to the government owing to the low price of provisions, wood, grain and hay, all of which are raised in the immediate vicinity.

And your memorialists will ever pray.

HOUSE MEMORIAL NO. 4.

To the Honorable, the Senate and House of Representatives in Congress assembled, and to Honorable David S. Key, Postmaster-General, United States, Washington, D. C.

Your memorialists, the Legislative Assembly of the Territory of Idaho, at its Tenth Session thereof, would most respectfully but urgently ask for the establishment of a mail route, and for mail service to and from the following points in this Territory, to-wit: From Boise City, the capital of the Territory, to Upper Squaw creek, via Horseshoe Bend, to and from (weekly); and as reason therefor, would state that the citizens and residents living and settled at those points sustain great hardships in being deprived of the advantage of mail facilities; that these points are growing into thickly settled districts and must continue to increase in wealth and popu-

lation, and will at no distant day return to the government a just and adequate compensation for any outlay made in affording the people of these sections the proper mail privileges, to which they are justly entitled.

Trusting that the demand here made will be promptly ordered, your memorialists will ever pray.

The Honorable Secretary of the Territory of Idaho is hereby respectfully requested to transmit a duly certified copy of this memorial to Hon. S. S. Fenn, Delegate in Congress from Idaho, that he may present the same without delay and secure proper action in the premises.
